I am please to announce that the Lyne F.C website is getting more direct hits than ever before. Last month we smashed our old record of 3500 direct hit by an amazing 1000plus extra hits bring us to our highest ever at 4450. Well done to all of the member for using the forums to the full and making it much easier for your managers to communicate with you. For those of you that are not Lyne F.C members and are looking at the site for the first time the main bulk of information is only available to Lyne F.C members and is not visible to non members but we hope the information you find on the front pages is of help to all viewers.
